New Orleans, La. I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hear ing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I cannow heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

THE LIEUTENANT GOVERNOR AMENDMENT.

The Silver State says: One of the proposed amendments to the Constitution, which the people will be called to vote upon at the special election in February, abolishes the office of Lientenaut Governor. There would be no particular objection to this were it not for the fact that if the amendment is ratified it will go into effect at once and deprive the present incumbent of an office to which he was elected by the people for four years from January 1, 1887. This is not fair play. The necessity This is not fair play. The peopie do not ask the L-guilature to abolish any office until the expiration of the term of the locumbent. It is unjust to deprive Lieutenant Governor Davis or any other officer of an office to which he was legally elected, and which he fills to the satisfaction of his constituents. Snap legislation may be considered the correct thing by a majority of the Legislature, but the people will not be likely to approve of it. Doubtless a majority of the voters of the State favor the amendment abolishing the office of Lient-nant Governor, but numbers of them will not vote to ratify it if they believe it is going to deprive H. C. Davis of his office before the end of his

Should the amendment be adopted the Legislature can be safely trusted to keep faith with Lieut. Governor Davis for the balance of his term. Unless the amendment prevails the State will contions to pay for an office and an officer of no more use than a fifth wheel to a

A detailed . xamination of Springer' Omnibus Territorial bill, which passed the House the other day, and is now in the hands of the Senate Territorial Committee, shows, according to the authority of one of the last named committee, that Springer was up to another of his tricks when he framed his bill and by intentional contradictions and inconsistencies proposed to block any Territory from coming in without additional legislation from Congress. Knowing the hopelessness of New Mexico's case, it now looks as if he had determined to take his revenge by delaying the admission of Dakots, Montana and Washington for two or three years to come. It is sale to assume, however, that the Senate committee will knock out its complications and contradictions in Short metre, and submit it to the House O nierence Committe in a form so simplatia any one can understand it. If they do not went to accept it in such form that South Dakots can come in at once, North Dakots, Montage and Washington as soon as they are ready, and New Mexico stay where she is for the present, ultimately coming in with her old boundaries, then an extra session will be in order. The Demograts have got to the end of their string in this Territorial business.

WARNING TO GUM CHEWERS. Facial Paralysis Produced in a 12-Year-Old Girl.

Harrisburg, Penn., Jan. 29.-The most remarkable case that has come under the observation of the medical frateraity in this city for a long time. is that of Mary Youniz, aged twelve years, who is suffering from facial paralysis. The effliction is due to chewing gam, she having employed the one of her jaws so constantly during the last three months that the muscles of her face are powerless and her nerves are in a dilapidated condition. When she langhe her face presents an amusog sight. In whatever position she is able to twist her month the muscles remain and the face is thus in a contorted shape, until one of the members of her family assist ber to place it in proper condition. Her chin drops, and it frequently becomes necessary to tie a bandage over her head to keep the lower jaw in its proper place.

CABINET GOSSIP IN NEW YORK Senator Blair Says All Sections of the Country Will Be Represented.

NEW YORK, Jan. 25th .- [Special.]-Senator Blair, of New Hampshire, was at the Fifth Avenue Hotel to-day. When questioned about the report that quoted him as saying that he knew Gen. aral Harrison's Cabinet, he said: "Well, thus far I have not told who the Cabinet members are, because it is a matter between General Harrison and myself. I do not propose to tell, but I can say this: That the Cabinet General Harriand able, and will, in my opinion, give great satisfaction to the country. They are not only able, but brilliant and safe men."

"How has the Cabinet been selected. geographically speaking?"

"I think every sertion of the country will be pleased, and I know they are well represented."

More Speculations.

Washington, Jan. 26 .-- Cabinet specplation has revived since the return of Wanamaker from Indiapapolis. The gossips insist that the tender of the Secretaryship of the Treasury to Senstor Allison has been renewed in the shape that renders it impossible for him to refuse it. A prominent Republican Senstor, who has visited the President pleat since the election, remarked los day that he was convinced that at least five of the seven Cabinet portfolios have been disposed of as follows: Blaine, Secretary of State; Allison, Secretary of the Treasury; Warner Miller, Postmaster General; Wanamaker, Secretary of the Navy, and John F. Swift, of Califormis, Secretary of the Interior. A number of Republican Congressmen were interviewed on the subject, and while most of them admitted that they had heard similar rumors, none of them were willing to be quoted, 'A report that came from Indianapolis to the effect that Mr. McKinley had been selected for Cabinet honors, caused considerable comment in the House of Miss Phila May, Soprano. Representatives, especially among those who are interested in the Speakership contest. Mr. McKinley, quite inturally, declined to talk on the sutject, but it is known that he prefers to remain in the House and take his chances for the Speakership.

Blaine's Vigorous Views.

Washindton, Jan. 29th .-- At the dinner given yesterday afternoon by Senstor Hale to James G. Blaine, Senators Hale, Everts and Cameron had a private conference with Mr. Blaine, which asted for more than bour. It is said that the Samoan question formed the subject of discussion, and Mr. Blaine gave bis views very freely as to the action he believed the State Department should take in the present emergency. He also outlined the policy which he would suggest for the Naval Affairs Committee in desposing of the higislation proposed in the House Naval Committee in response to Secretary Whitney's

Four Cabinet Officers Selected.

Washington, Jan. 29 .- It is learned to-a ght from a gentlemen whose information is direct that four places in General Hurison's Cabinet have been definitely settled, and while not all of them have formerly accepted, there is no doubt about their ultimately doing so. In the first place, Blaine wrote to General Harrison more than ten days ago accepting the Secretaryship of can be no doubt it will be discharged within a week after that date and that State. Allison will be the next Secretary of the Treasury. This has unquestionably been decided on, and although Allison's letter accepting the honor has not been written, it will be within a week. Alger will be a member of the Cabinet, taking the position of Secretary of War, and, as announced some time ago. Wanamaker will be Postmaster-General.

> Don Cameron has a unique way of inviting his fellow-Senators to dinner. Approaching one of them the other day

he abruptly inquired: "Got a clean shirt?"

"I usually wear one," replied the Sen ator addressed. "I have one on now." "That will herdly do," said the Pennsylvania Schator. "You borrow one for to-morrow night and come over to my house at haif-past seven to meet some good fellows."

The Senator looked carefully to his laundry, and the evening named was suffering intensely for the past few days at Cameron's house. He did meet some ber of distinguished guests.
